● PRESENTATION

A legal professional with extensive experience in civil, family, and mediation matters, I have been working for over twenty years in the fields of legal consultancy, contract drafting, and relational conflict management, with a particular focus on family, school, and intercultural contexts.

I integrate my legal background with advanced skills in mediation, parental coordination, parent training, and professional coaching, supporting families, organizations, schools, and professionals in developing practical tools to address crises, conflicts, and change.

I design customized training courses on topics such as informed conflict management, transformative communication, parental empowerment, and soft skills, with a focus on current legislation and the most recent ADR reforms.
